The Swamy of the Sri Sivagangamatt

~~Sroot~~ Srimukha No. 243/98 Dated 7-7-05

During the inspection of the Muzrai Secretary in March 1905, a suitable site on a high ground not far from the present Matt having been selected in consultation with the Swamigal the Swamy now submits for sanction a plan and estimate amounting to Rs 23,410 for constructing the new Matt Building. The Swamy states that as the funds now at the credit of the matt will all be exhausted

(2)

If the new Buildings is constructed, he requested the Dewan for a grant from State funds & that the Dewan was pleased to tell him that as a Patasala is to be attached to the Buildings he will consider about the question of supplementing Matt funds from the State when the Estimate is receive and the Swamy therefore prays that a moiety of the Estimated Cost as may be paid from State funds and early sanction accorded to the Estimate.

The Swamy adds that in anticipation of sanction he has been gathering materials for the work ~~along with the~~ in

The Plan and Estimate were accordingly forwarded to the Chief Engineer for check after an inspection of the locality by a competent P.W officer

The Swamigalu in his present Srimukham states that he has been informed by Govt. that the Estimate sent by him for the construction of the new mantt has been forwarded to Chief Engineer for check and he requests that the work may ~~be~~ not be entrusted to the P.W Department as it will be more costly and attended with certain inconveniences. ~~If the work~~ If the work is carried out under his supervision by his own contractor Venkatasamy he is confident that the work will be to his entire satisfaction

who was touring then in the Kolar District.
Thereupon enquiry was made of the
Swamigalu as to when he would return

above, the Swamigalu states that
he has started on a long tour

of the matt Funds and that the same were duly checked by a competent D.P.W. Officer, before they were forwarded to Govt. for sanction. He further represents that owing to the insanitary condition of the existing old matt building and with the view of providing a pretty comfortable new one to suit the conveniences of the Swamigalu, it was decided to have a new building erected in a healthier locality and that neither more nor less accommodation than what has been provided for in the present Plan is needed. As the consecration of Saradamma is fast approaching and as on the occasion there will be a large gathering of all classes of people, the Swamigalu requests that

the work might be ordered to be started early. He repeats that although Venkatasamiah who repaired the old matt building is not a monied man, yet, being a disciple of the matt, he has executed the repairs very satisfactorily as is evidenced by the report of the D.P.W. Officers. He finally requests that the work of constructing the new matt may be kindly entrusted to the same contractor, the estimate being got checked by a D.P.W. Officer. ~~Books~~ depending upon the munificence of the Govt for a contribution towards the Estimated cost of the construction of the new matt, the Swamigalu requests early sanction thereto.

Muzrai Secretary's Remarks.

The construction of a new Matt at Sivaganga was approved by Government in Pro. No. ---- 1000-1, dated 27th November 1904. A suitable and large site on a high plain, not very far from the existing Matt, has been secured, and a plan and an Estimate for Rs.3,410/- prepared under the orders of the Swamigalu is awaiting sanction.

The first and the most important point requiring orders is whether Government will contribute a moiety of the cost in consideration of the fact that the newly established Sanskrit School will be accommodated therein. The Matt's available balance now in the hands of the Government is Rs. 1?,000 and deducting the cost of the proposed Saraswathi temple and other charges, the available balance is taken to be Rs. 1?,?/-. A set of plans, &c., will be required, for the [illegible] according to the Swami's Estimate. [illegible] as to are solicited [illegible]

or at least, the sum of ₹9,000 above specified can be given as a new grant from State Funds for the work in question. The ordinary State Grant of ₹5,000 for the repair of all the Muzrai temples in the State cannot bear such a heavy charge.

The next question is as to whether the work should be executed by the Public Works Department or by the Swamiji himself through his own Contractor and under his own supervision, helped by an Overseer or Sub Overseer of the P.W. Department where services can be obtained on loan and paid for from the cost of the work. The Swamiji writes strongly in favour of the latter arrangement and presses for an early order. There seems to be a disposition to approve of the Swamiji's proposal, and the whole question seems to depend upon the cost and estimates above, will be given for the work.

the difference between the estimated cost for the construction of the new Mutt and the amount at the credit of the Swamy may pass a contribution from the State on condition that the Sanskrit school will be carried on in it.

If the Swamy so advises that it should work under his supervision will be more substantially executed, there can be no objection to his request being granted.

The Swami has shown very encouraging tendency to improve the status and prestige of the Mutt and has been more than once seen by His Highness.

Office note

A new Mutt to suit the present requirements is no doubt a necessary appendage. The Swami's means are, however, limited to ₹15,000, whereas the estimate runs to about ₹24,000. Under the circumstances a contribution by the State to make up the difference, or any portion thereof, is not ill bestowed. I would recommend a grant of ₹5,000, which may be sanctioned.

Muzrai Secretary's remarks:-

The present Estimate and plan are the result of a consultation between the Executive Engineer, the Supervisor of the Nelamangala Range, the Agent of the Sivaganga Matt, and myself. Out of the 4 items of works, Nos 1 & 4, Viz- the main building of the Matt and the well &c estimated at Rs. 16,024 and 1473 (total Rs. 17497) may be immediately sanctioned. The two items of Patasala & Guard & Office, which together cost Rs. 4574, may be deferred for the present as suggested by the Ex.ve Engineer,

There is a sum of nearly Rs. 20000 available for this purpose out of the revenues of the Matt, besides the grant of Rs. 5000/- graciously sanctioned by His Highness sometime back. The works which I have recommended above may be ordered to be started at once by the P. W. D. under the careful supervision of the Executive Engineer. The making up of a rough road between the old and new Matts, with a tunnel for the water course which runs across the road, the construction of two latrines

As directed, the Estimate for Rs 17,497/- was sanctioned in Govt Pro. No 2210-13 D 25th November 1906 for the construction of a new matt at Swaglem in the Nelamangala Taluk.

The Comptroller reported that there was only a very small balance of Rs. 4856/- and that the Govt of India Pro notes to the extent of Rs 15,000/- Standing in the name of the matt would have to be disposed of and the sale proceeds thereof ~~might be~~ utilized for the purpose.

Thereupon, the Comptroller was requested to ~~be~~ informed to what Muzrai institution or institutions, the Pro. notes standing in the name of the matt might be transferred.

Sreemukha No 1246 Dy 23rd Feb. 190, from the Swami of the Sri Sivaganga matt.

In the above the Swami of the Sri Sivaganga matt represents that in consideration of the poor circumstances of the matt, the Govt. of H.H. the Maharaja were graciously pleased to sanction from State Funds, a sum of Rs 5000/- towards the construction of the new matt at Sivaganga, which estimated at Rs 17,497. He states that D.P.W. who are carrying on the works, have charged Rs 3000/- nearly on account of supervision and Tools & Plant, at about 18% on the Cost of the Estimate. The Swami says that the matt

Cannot well afford to pay such charges and requests that the Govt. may be pleased to exempt the charge which he says will go a great way towards the further improvements of the Matt building.

Muzrai Secretary's Remarks:-

The new Matt building at Sivaganga is under Construction and I learnt from the Executive Engineer that considerable progress has been made in the work. The sum of Rs. 5000 graciously sanction-ed by H. H. the Maharaja from State Funds has already been drawn and utilized for the work. The Govt. of India 3½ % Pro Notes for Rs. 15,000/- which are held on behalf of the institution are only just -- sufficient to complete the works. The Establishment and Tools and Plant charges generally charged by the Public Works Department at 10½ % on the Estimate --

comes to about Rs. 2000/- and not Rs. 3000/- at 13 % as stated in the Swami's Srimukha.

Under these circumstances, the Swami's request may be complied with and the Chief Engineer requested not to demand the supervision and Tools and Plant charges. There have been a few instances in which such exemptions have been sanctioned by Government during the past few years.

Grant from the Muzrai Budget?

Muzrai Secretary's Remarks.

The provision of an additional grant from Govt funds, as suggested by the Chief Engineer is not an easy matter, considering the heavy demands upon the ordinary State Grant of ₹15,000/-.

The construction of a new Matt building at Sivaganga has been sanctioned at an estimated cost of ₹17,497/- and the work is being executed by the P.W.Department. While sanctioning the estimate, several necessary works were omitted for want of funds, and Govt also found it necessary to give a special State Grant of ₹5,000/-. Under these circumstances, it is really difficult to spare funds from the Matt for the Establishment and Tools and Plant charges applied for by the P.W.Department. Giving a further grant from State Funds on this account is out of the question.

File No. of 190 | Muzrai Secretariat.

Orders may therefore issue to the effect that in consequence of the insufficiency of the Matt funds and the fact that in consequence thereof, the Govt have found it necessary to sanction a special grant of ₹5,000/- in aid of the Matt building, the Govt are pleased to direct that the contribution on account of Establishment and Tools and Plant charges in connection with this work be waived.

Muzrai Department.

Sir,

With reference to correspondence ending with your No.2162 of the 8th ~~instant~~ ultimo, regarding the plan and estimate for construct -ing a new Matt at Sivaganga in the Nelamangala Taluk, sent for check and retransmission, I have the honor to forward for your information the enclosed copies of the marginally noted references on the subject and to inform you that the Chief Engineer agrees with the Superintending Engineer that the details of the project should be settled only after a personal interview with Swamiga- -lavaru who is at present reported to be touring in the Kolar District. It will therefore be necessary to ascertain when the Swamigal is expected to return to Nelamangala.

II. The plans and estimate are herewith returned for reference.

I have the honor to be,

Sir,

Your most obedient servant,

of Mysore.

Bangalore Division Executive Engineer's No.5136/823 dated 1-11-1905.

---do---No.5528/879 dated 21-11-1905.

Eastern Circle Superintending Engineer's No.6862 dated 23-11-1905.

Letter No.5136/823 dated 1st November 1905,from the Executive Engineer,Bangalore Division,to the Superintending Engineer,Eastern Circle.

With reference to Superintending Engineer's No.5441 dated 14th ultimo,I beg to submit the plan and estimate for construct--ing a new Matt at Sivaganga duly checked.The building is design--ed to be one storey and the walls as designed are therefore unnecessarily thick.The thickness would be reduced to 18 inches for outer walls and walls on which the girders rest and all cross walls may be built of 1½ bricks or 13½ thick.This would considerably reduced the cost of the estimate while not effect--ing the stability of the building.There are quite a number of small rooms as proposed,the uses to which they will be put are not noted.To my mind the requirements of the Matt appear to be too liberally provided for,especially as large accommodation is available in the old Matt buildings on ordinary occasions and the Sri Swamigalavaru does not reside permanently at Siva--ganga.A patasala is maintained permanently at the place which is attended to by 30 pupils.For their requirements and study the existing old Matt and its attached buildings provide ample space.I think all that is required is a Matt providing for dwelling accommodation for the Sri Swamigalavaru, a lecture hall and an audience chamber during the stay of the Swamigalavaru at Sivaganga,as the present Matt does not provide suitably for these very necessary requirements.Of course,as necessity arrises further accommodation may be added.

I am of opinion the whole project has to be recast after consulting the Sri Swamigalavaru again to meet present requirements.If permitted I will ask Mr.N.C.Narasimha Iyengar Supervisor,No.1 Sub Division,to wait on the Sri Swamigalavaru and ascertain his views as regards the extent of curtailment of accommodation.The existing Matt is undergoing some im rove--ments but more is required ,as parts of the stone mantaps at--tached to the old Matt are already in danger of falling in.The

The old structure should be first put into thorough order and then a beginning may be made for constructing a new Matt for present needs.

2. I examined the site for the new Matt.It is well suited for the new structure,but a road and a bridge for an intervening stream flowing 6 feet deep during monsoon are necessary without which the approach to the Matt is difficult These are not provided for in the estimate.Probably the cost will be about Rs.3,000.

3. Of the two blocks at entrance,Guard and Office and the Patasala,Guard and Office Block may be allowed.As regards Patasala 5 little rooms are allowed.For Class rooms, they are too small as for living accommodation,the present Matt has mu larger accommodation than what this little block provides.

Docket No.5528/879 dated 21st November 1905,from the Executive Engineer,Bangalore Division,to the Superintending Engineer,Eastern Circle.

Superintending Engineer's No.6519 of 10th November 190 requesting that the undersigned should wait on the Sri Sivaga Swamigalavaru and dicuss the proposals of the new Matt.

Has the honor to report that the Sri Swamigalavaru is now reported to be touring in the Kolar District and that his exact movements are not known here.In these circumstances begs to suggest that the file of the Matt plans be sent to Sri Swami--galavaru through the Muzrai Secretary with the intimation that when his return to Sivaganga is finally decided on a Note may be sent to undersigned to wait and discuss the proposals.

2. The plans and estimates returned are herewith resub--mitted.

P.T.O.

Docket No.6862 dated 23rd November 1905, from the Superin-
-tending Engineer, Eastern Circle, to the Chief Engineer of
Mysore.

With reference to correspondence ending with Chief Engi-
-neer's No.7620 of 21st November 1905 (~~herewith returned~~) regard-
-ing the project for a new Matt at Sivaganga, has the honor to
forward copy of Bangalore Division Executive Engineer's No.5528/
879 of 21st November 1905 together with this office file; and
to invite attention to Executive Engineer's No.5136/823 of 1st
November 1905. From these papers it will be observed that the
project cannot be disposed unless Executive Engineer could
discuss the proposals with the Swamigalavaru and this cannot be
done for some time. But if only the plans and estimate have to
be checked and returned without refere ce to questions raised
by Executive Engineer regarding the desig, it will be done but
such a course would hardly be considered satisfactory.

SIR,

With reference to Government Proceedings No.2210-13/ Muz: dated the 25th November '06 sanctioning Rs.17,497/- for the construction of a new Mutt at Sivaganga in the Nelamangala Taluk the charge being met as follows :-

Rs.12,497/- from the Mutt Funds
" 5,000/- from the State Muzrai.

Total... Rs. 17,497/- grant of 1906-07.

and directing to place the sanctioned amount at the disposal of the Chief Engineer of Mysore, I have the honour to state that there is only a very small balance of Rs.4,856/- available at the credit of the Institution in the Treasury which is required to meet the monthly establishment Nityakatle and hechukatle charges of the Institution, and that the same cannot therefore be utilized for any other purpose.

The amount payable from the State grant viz Rs.5,000/- will be adjusted in due course.

If the work cannot be postponed till sufficient funds are accumulated, the Government of India Pro: Notes to the extent of Rs.15,000/- standing in the name of the Institution will have to be disposed of and the sale proceeds thereof may be utilized for the purpose.

the Sivaganga matt.
requesting that the
Establishment & Tools &
Plant Charges charged by
the PW Department at 10½
percent on the Estimate
may be excused

ending with Letter No
5681 dy 10th August 1907,
from the Chief Engineer
of Mysore reporting on the above.

Order thereon - 8/2 1315. 7d/4.9.07

The Swamy Saheb represents
that in consideration of
the poor circumstances of
the matt, the Govt. of
H.H the Maharaja were
~~graciously~~ pleased to
Sanction from State Funds
a Sum of Rs 5000 towards
the Construction of the new
matt, ~~and requests~~, that
the matt
~~he~~ cannot well afford
to pay the Charges on account
of Establishment, Tools
& Plant and requests
that the Govt may be
pleased to ~~exempt~~ grant him of the
Charge which he says

will go a great way towards the further improvements of the Matt building.

2. The Chief Engineer who was consulted in the matter reports that the Establishment & Tools & Plant charges amount to Rs 1837, that the charges are claimed in accordance with the Standing orders of ~~their Dept~~ the P W Dept relating to Con-
-tribution works, & that if Govt wish that they should be waived in this instance as a special case it can be done

3 - The Govt ~~are pleased~~ to observe that in consequence of the insufficiencies of the Matt funds the Govt found it necessary -

a special grant of
Rs 5000/- out of State funds in aid of the
Matt building & they
are therefore pleased
to direct that the contribution
on account of Establishment
& Tools and Plant Charges
in connection with this
work be waived.

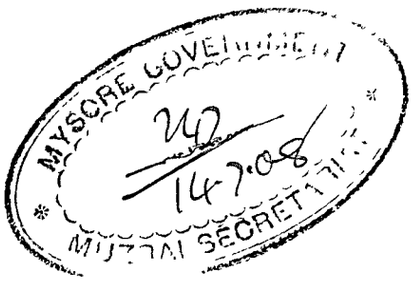
ಮಾನ್ಯರೇ,

ನಾನು ಕೆಲಸ ಮಾಡುತ್ತಿರುವ ಕಂಪನಿಯಲ್ಲಿ ಕೆಲವು ಅನಿವಾರ್ಯ ಕಾರಣಗಳಿಂದ ನಾನು ಕೆಲಸವನ್ನು ಬಿಡಬೇಕಾಗಿದೆ. ಆದ್ದರಿಂದ ನನಗೆ ಒಂದು ತಿಂಗಳ ರಜೆಯನ್ನು ಮಂಜೂರು ಮಾಡಬೇಕಾಗಿ ವಿನಂತಿಸಿಕೊಳ್ಳುತ್ತೇನೆ.

ಇಂತಿ ನಿಮ್ಮ ವಿಶ್ವಾಸಿ,



1908.

Sir,

I have the honor to state that the new Sivamurthi out buildings are completed with the exception of the marginally noted items of works. As it is necessary that the building has to be looked after I hope that you will kindly issue necessary orders to take charge of the same.

I have the honor to be,

Sir,

Your most obedient servant,

Executive Engineer,

B.A. . Bangalore Division.
